Dear friends and colleagues,

It is an honor for the Asociación Nacional de Avicultura -ANAVI- and the Asociación Latinoamericana de Avicultura -ALA- to give you the warmest welcome to the “XXIX Latin American Poultry Congress, OVUM 2026” in Guatemala City, a meeting that will bring together experts, professionals, companies and strategic partners of all the continent, united by a same passion: the development of sustainable, competitive and innovative poultry farming in Latin America.

We deeply thank you for the support provided by each of you to our event, who with your commitment, will make this technical, scientific and commercial exchange space possible. Your presence at this event is a testament to the dynamism and strength that characterize our sector.

In order to facilitate your participation, we have prepared this Exhibitor Manual, as a practical guide to ease the preparation, assembly, display and dismantling for the Congress, optimizing your participation and maximizing your business opportunities and brand positioning.

Welcome to this Latin American convergence space. May these days be full of learning, meaningful networking, as well as significant and new opportunities to continue strengthening our poultry farming in Latin America.

Yours truly,

María del Rosario Penedo de Falla
President of the Organizing Committee

Stand assembly

1. The exhibitor must ensure that the hired decorating company has sufficient staff to attend to and comply with the assembly and disassembly times established, since no exceptions or time extensions will be made.
2. The exhibitor must carry out stand assembly work only within his hired area, which will be clearly defined. Said activity must be carried out within the established schedule and taking care not to invade circulation areas and corridors, or hinder the work of others exhibitors. You should also install decorative image, products and materials solely according to the spirit of your company, ensuring that it tasteful and presentable, to take care of the image of the Congress, in general.
3. Pasting vinyl, double- sided tape, rubber, or any other material that damages the floor structure of the fairgrounds, is not allowed, otherwise its complete repair and cleaning will be paid by the exhibitor, until it is ready and completely clean on the day of dismantling.
4. The maximum height allowed for the structural and decorative elements of the stand will vary, depending on the pavilion where your stand is, you will not be able to exceed these dimensions and will be completely responsible to ensure that this will not offer any risks to the visitors and neighboring exhibitors companies. All the items must have a view to the back, avoiding advertisements, signs, legends or similar, adjacent to other stands.

Note:

- Each damaged panel incurs a cost of US\$50.00 + VAT.
- If you need to mount prints onto the panels, you must request this from the Organizer in advance and pay a fee of \$50.00 per panel beforehand.
- You may take the panel with you at the end of the event.

4. ALUMINUM FRAMING. Permitted:

- Attaching banners, provided they are removed at the end of the event along with any adhesive residue; otherwise, an additional fee will be charged for this service. Cost: US\$100.00 per stand.

Not permitted:

- Drilling, nailing, or hanging heavy items.

Recommendation:

- Bring banners pre-mounted on iron frames to avoid the need to peel them off and clean the aluminum framing.
- Use double-sided tape.

Exhibitor's Responsibilities

1. If the exhibitor does not show up to occupy the stand before 12:00 on November 7th, or give any notice to justify his delay, he automatically authorizes the Organizing Committee to use that space in a way that is convenient to the interests of Congress, giving up any reimbursement of the paid amount.
2. Keep your stand clean.
3. Use appropriate attire and uniforms for staff and attendants who will be attending the stand.
4. No one may stay at the exhibition area thirty minutes after the daily closing time.
5. Exhibitors will not be able to insert or remove any type of material or product outside the time slots established for this purpose.
6. The transfer, handling and placement of products, materials, equipment and facilities within the stands are the sole and total responsibility of each exhibitor.
7. The exhibitor is absolutely responsible of its staff and any staff he/she hires for the assembly and staffing of their stand, even if it is only occasional.
8. Games such as darts, balls or other objects that can offer some risk to people, furniture or equipment must to have the proper protection and care to avoid damages or accidents. The security personnel is authorized to cancel, temporarily or permanently, any stand that doesn't follow these rules.
9. Blocking corridors and entry or exit doors is never permitted. Remember that other companies will also be working simultaneously.
10. The exhibitor is responsible for personal and material damages caused to the facilities of the venue, the environment or the general infrastructure provided by the organization.
11. All the exhibitors must carry their exhibitor badge, with no exceptions, during the Congress and there will be no replacement of it.
12. The entry for all the exhibitors to their areas will be one hour before opening the Congress.

Propaganda within the exhibition

1. There are no restrictions on the distribution of printed material, free samples, and advertising materials within the exhibitor's stand.
2. Promotion and distribution of advertising material is not permitted outside each stand, such as placement of materials outside the hired area, invading hallways or common areas that affect the neighboring exhibitors or visitors.

Prohibitions

1. Make installation works within the exhibition business hours.
2. The use of the loudspeakers or speaker service for advertising purposes, which causes annoyance to the adjacent exhibitors.
3. Installation of pennants, signs, decorative materials and any advertising materials in common areas common or outside the area of your stand.
4. Alcohol consumption within technical conference hours.
5. The Commercial Exhibition is considered a non-smoking area and therefore it is not allowed to smoke within its facilities. (Decree No. 74-2008)
6. The use or display of toxic, explosive, flammable or harmful substances is not allowed. The same applies to fireworks inside the showroom.
7. The space assigned to each exhibitor is for the exclusive use of the contracting company, it is forbidden to totally or partially sublease to third parties. The exhibitor signing the stand reservation request is the direct and only responsible party before the Organizing Committee. It is not permitted to display or place in the stand any brand other than that of the contracting company. Sponsorships may not be shared.
8. It's not permitted by the Parque de la Industria or the Organizing Committee to: glue (permanent, double-sided tape, abrasive glues, silicone, contact cement, paper tapestry, rubber spray or any other type of invasive glue) nail, screw, drill, staple, paint, perform blacksmithing work, use saws, air guns, aerosols or any product that affects the environment or damages the structure of:
 - Walls and Columns
 - Stand panels

- Roofs and structures
- Floor
- Any fairground infrastructure

The repairs resulting from not respecting any of the above will be paid by the exhibitor, plus a penalty of 3 times the value of the damage caused, without exception, and must be left repaired at the end of the disassembly.

Security

1. There will be general surveillance at the exhibition area from closing time until opening time next day, however, the Organizing Committee of OVUM 2026 does not assume any responsibility for losses or damages to the exhibitor's equipment and/or materials which must be stored under lock if they are considered valuable, or be removed from the stand each day.
2. As a safety measure, it is strictly forbidden to enter firearms, bladed and/or pointed weapons to the Commercial Exhibition.
3. The security provided by the Organizing Committee is a general one, in charge of order and basic attention to a contingency plan. It is recommended to take extreme security measures while assembling, displaying and dismantling..

Loading and Unloading Area

1. The maneuvering area for loading and unloading is only intended for this service, during assembly and disassembly days. It is not intended as a permanent parking lot of any kind of vehicle. Each exhibitor is responsible, all the time, that their driver complies with the regulations of this service area, for loading and unloading.
2. The loading and unloading area will be used on a -first come first serve- basis, starting from the established starting time.
3. All the exhibitors are entitled to one complimentary hour, at the loading/unloading area.
4. If your loading and unloading process will last more than an hour, you must purchase a VIP parking ticket for the setup, for Q.35.00 per day, which will allow you to several parking entrances and exits, only at the day of assembly.

5. You must purchase this ticket **prior to the assembly day**, at the sales department of Parque de la Industria, entering through Gate No. 2, **from November 2nd to 6th 2026**, from 7:30 a.m. to 1:00 p.m. This applies to cars, motorcycles or trucks less than 3.5 tons.
6. If you acquire said ticket, the driver must bear it and show it at the entrance and NOT take a ticket at the barrier, otherwise he will also have to pay for this other ticket.
7. On the setup and teardown days, the regular parking rate with a gate ticket is Q10.00 per hour. Starting from the seventh hour there will be a maximum fee of Q50.00 (applies to vehicles less than 3.5 tons). This amount shall be paid at the machines at the venue.
8. For any additional special case please inform the Organizing Committee at least **one week before assembly day**.

Parking / Parking lot

The parking lot is intended only for vehicles and it is not permitted to be used as a place of residence, exhibition or sale of any product. The Organization is not responsible for the loss of items, left in the interior of the vehicles, loss of auto parts, exterior damages, mechanic failures or partial or total thefts.

On exhibition days, the event fee at the venue will be Q50.00 per day . (Applies to private vehicles of less than 3.5 tons). We will be following up in the next months, for other parking options for the participants of the event.

Other Considerations

1. In case any vehicle must be taken into the venue as part of the exhibition, it must contain only enough fuel to reach the “reserve” line and the exhibitor will be responsible for not spilling any kind of liquid inside the venue.
2. The entrance of pets or mascots is strictly forbidden.
3. When the Organizing Committee considers that, at any stand, there is a product, material or similar, that represents any type of hazard, it will make the responsible exhibitor aware of the situation, so that it can be removed from display immediately.
4. It is not recommended to leave valuables in the stands; neither the Organizing Committee nor the fairgrounds will be responsible for the safety or damage to the property of the exhibitors due to robbery, theft, fire, accident, vandalism or other causes.

5. The space assigned to each exhibitor is for the exclusive use of the responsible company, who is not allowed to sublease, partially or completely, to a third party. The exhibitor signing the stand reservation request is the only direct responsible entity for the Organizing Committee.
6. The Organizing Committee and the fairgrounds are not responsible for illegal products that are smuggled into the venue, which must be immediately removed from the premises, subject to the application of the national laws.
7. If for any reason, an exhibitor cancels its participation at the Congress, NO money will be reimbursed, neither advance money or partial payments.
8. The size of the sponsors' logos will be used proportionally.
9. Everything unforeseen in the present document will be treated in a particular way between the exhibitor and the Organizing Committee of the XXIX Latin American Congress of the Poultry Association, always with the good will of finding the best alternative solution to any problem that arises.
10. A good will is a must for the success of the event and therefore, considering all the items mentioned, will contribute, in a significant way, to creating a unique and memorable experience. We count on your collaboration.

Sale of Samples , Equipment or Machinery

1. In case the exhibitor makes commercial transactions with the products temporarily interned in the country, it will be his responsibility to comply with all the legal requirements for the legal entry and marketing of such products in the country.
2. Each exhibitor is responsible of the compliance with the laws and tax payments of the Republic of Guatemala.
3. In line with the OVUM's 2026 sustainability approach, we recommend that the exhibitors buy/hire souvenirs, promotional materials and activation elements produced in Guatemala, reducing the environmental footprint associated with transport, facilitating its production and transport.
4. We also suggest to opt for reusable articles, recycled or recyclables, that contribute to a positive and lasting impact. If required, the organizing team can ease contacts of local

suppliers and specialized companies that will be able to support you with the selection and production of these materials.
